Web.com, Inc. (NASDAQ: WWWW), formerly Interland, Inc. (NASDAQ: INLD), is the leading destination for the simplest, yet most powerful solutions for websites and web services. Web.com offers a complete solution for all your website design, web marketing and web hosting needs, whether you want to create a personal website, small business website, ecommerce website, or any other kind of website. Most importantly, your website is securely hosted on state-of-the-art web servers in our web hosting data center, so you'll have the peace of mind of knowing your small business website will be up and running 24x7.

## Products and Services

Web.com understands that people want to leverage the power of the Internet to express themselves or to grow their business, but typically don't have the time, resources or technical know-how to create, manage and promote a successful website. To address the market's growing demands, Web.com offers a virtual one-stop-shop of simple, feature-rich web tools and services including do-it-yourself and professional website design, website hosting, eCommerce, web marketing and e-mail. As one of the longest-standing leaders in the website hosting industry, Web.com offers powerful, proprietary, point-and-click technologies and expert support professionals to ensure simplicity and ease-of-use at every step of the process.
